

Central Atlantic Region of NA Policy Chair Report

April 20, 2025

The Regional Policy Committee met on March 15, 2025, via Zoom. There were about 7 members in attendance. I am very grateful for all the help from the attendees.

We the discussed and agreed to insert the changes necessary to our current policy as a result of the previously passed motions: 195-2, 110-1, 211-2, and 227-2. Motion 204-1 was considered to be Out-of-Order as the section of our policy that it addressed is not currently a part of our policy. These motions were gathered and reported by the previous Policy Chair Pro-Tem. These motions should be inserted prior to the next RSC.

We also discussed several other areas of our policy that may need attention in the upcoming months. More will be revealed.

ILS,

Don V
